TAPS BUGLERS

AVAILABLE IN YOUR AREA

Please contact the organizations or individuals listed below before using a recorded version of Taps for a military honors funeral.

Several organizations and individual musicians are making themselves available in your area to play Taps for all Veterans eligible for a Military Honors Funeral.

OperationTaps.org is a nationwide project designed to encourage Civilian Taps Bugler Volunteerism.

In 2000, the US Dept of Defense ruled that all military personnel who served in wartime or peacetime and discharged in any way other than dishonorably have the right to a Military Honors Funeral. That includes the playing of Taps.

If the active military or veterans organizations cannot provide a bugler, a civilian volunteer may be used. If no person is available, a recording of Taps may be used.

Taps should always be played by a Fellow American.

Please use this resource before using a recorded device.
